This Letter of Leonge Webt, state treasurer, was sent to Gav. Jefferson in november of 1779. Its supposed to account for the leaves of paper money after 1774, among other things, The amounts shown as emissions of may of October of 1777 as well as may 1778 are difficult to understand as more are close to the authorized amount.

The only aexistication I have at this moment is the may 1778 issue taken from I measures from I plainly shows a total issue of £ 179,999-4-, while 165 short of the authorized amount. Where £ 207, 610-13-comes from I haven't a clue.
